DIPLOMA IN E-COMMERCE

(R/0414/4/0184) (1/29) (MQA/FA11349)

Course Overview

The Diploma in e-Commerce is designed for students who are passionate about digital business and emerging technologies in today's rapidly evolving digital world. The programme explores key areas such as Artificial Intelligence (AI), Internet of Things (IoT), apps development, omni-channel marketing, and various web-based platforms that drive modern online businesses.

Students will gain practical knowledge of the e-commerce and logistics ecosystem, understanding how digital operations have reshaped business models across industries. Upon completion, graduates will be equipped with the skills and confidence to manage e-business activities effectively and apply e-commerce solutions in the growing digital economy.

BACHELOR OF BUSINESS (ACCOUNTANCY) (HONOURS)

in collaboration with Raffles University

(N/0414/6/0277)(07/29)(MQA/PA 17630)

Course Overview

Bachelor of Business (Accountancy) (Honours) programme, in collaboration with Raffles University, not only encompasses various business modules but also specialises in accounting. This degree prepares students for careers as business leaders and accountants. It enables students to gain a comprehensive understanding of business operations from an accounting perspective. Throughout the program, students will be trained to apply business, law, and accounting techniques, as well as to prepare financial and non-financial information, compute taxes, and create reports that will aid organizations in their decision-making processes.

Student Testimonials

**Chan Kah Hou**

Certificate In Business

Studying Business at Raffles has been a really great experience for me. The lecturers are helpful, the classes are easy to follow, and I've learned a lot of useful skills. I feel more confident about my future and I'm glad I chose this programme.

**Dashnathevi a/p Ravikumar**

Certificate in Business Studies

Studying business at Raffles College of Higher Education has been very meaningful for me as a working student. What I learn in class connects closely with my workplace and real experiences. Raffles has helped me understand business concepts better and apply them directly to my daily work.

**Fea Eryssa**

Diploma in Business Studies

Visiting Raffles and experiencing life here has been like a dream. Raffles Business School brings knowledge, memories, and lifelong friends. The supportive lecturers, diverse connections, and central Kuala Lumpur campus have given me wisdom, a clearer vision for my future, and opportunities to explore the city easily.

**Mayyar**

Diploma in Business Studies

Raffles College has a chill, supportive vibe that makes studying easier. The lecturers are friendly and actually helpful, and the small campus feels welcoming and easy to get around. The classes are practical and useful, so you learn things you'll really use. Overall, it's a comfy place to study and make friends.

**Lee Shin Wei**

Diploma in E-commerce

Studying at Raffles has been a really good experience for me. The lecturers are friendly and always willing to help, and the classes are easy to follow. I've learned many useful things that I can apply in my career in the future. I'm happy to be part of Raffles.

in collaboration with Raffles University

(N/0313/6/0030) (07/29) (MQA/PA 17523)

Course Overview

Our undergraduate programme in Psychology is designed to provide students with a broad education across different areas of psychology. The course begins with the fundamentals of psychology, enabling students to develop a solid understanding of key concepts, theories, and practices. As students progress, these fundamentals are expanded and applied to more specialized areas of psychology, such as human resource management, marketing and branding, health services, and education.

Student Testimonials

**Asha Andrew Suresh**

Diploma in Psychology

Studying psychology allowed me to grow personally in terms of how I view and analyze things. My most memorable experience was the field trip to Hospital Permai Johor Bahru, which allowed me to learn more about the facility from the inside while also sharing that experience with my classmates.

**Chew Ee Koon**

Diploma in Psychology

The major lesson I've learnt while doing my diploma was simply "knowing is half the battle", better to have a grasp on the problem even if you can't currently solve it than to try solving it without knowing what the root cause of the problem is.

**Faustine Khoo Xiao Xin**

Diploma in Psychology

The psychology course deepened my understanding of every human behaviour and emotions across individual, family, consumer, society, and even culture. The mental health week, its associated workshops and the opportunity to organise an activity at the Rumah Mini Kanak-kanak Cheras were all memorable and insightful.

**Sarah Elizabeth Woodworth**

Diploma in Psychology

My time at Raffles has been nothing short of interesting. It has taught me many lessons that I will continue to take as I enter the next phase of my life. I owe it all to the wonderful lecturers, without whom, none of this would be possible.

**Tia Chloe Pavanaris**

Diploma in Psychology

Psychology taught me self-awareness, empathy, and resilience, strengthening my relationships and professional communication. Discovering how theories explained my own behaviour was unforgettable, like understanding myself deeply. This insight now shapes how I understand, support, and genuinely connect with others every day confidently.
